CIVIL SOLUTIONS

CONNECTING THROUGH CONSTRUCTION

ABOUT US

Founded in 2019, Civil Solutions is a multidisciplinary Engineering and Construction Company built on a simple conviction: that infrastructure is not merely built, but cultivated, as the quiet architecture beneath a nation's progress. Established to contribute to Bangladesh's economic growth and infrastructure modernization, we deliver integrated engineering, project management, construction, consultancy, and agency services across the public and private sectors.

Our expertise spans the complete project lifecycle—from concept and planning through detailed engineering, procurement, construction supervision, and long-term operational advisory. Behind this work stands a multidisciplinary team of engineers, architects, planners, and specialists, serving sectors as varied as transportation, energy, water, industry, and urban development. It is this breadth that allows us to see each project not in isolation, but as one thread in a larger fabric of national growth.

That growth is best measured in trust. Over the years, we have earned the confidence of distinguished institutions, including UNDP, FAO, BRAC, Menard, Freyssinet, and Terre Armée alongside key Government of Bangladesh agencies including PWD, LGED, EED, and HED. Each collaboration is a testament not only to our technical capability, but to the integrity we bring to every commitment.

At the heart of our work lies a simple philosophy: "Connecting through Construction." We see every structure as more than steel and concrete—it is a bridge between nature and progress. We transform engineering expertise into solutions that strengthen industries and connect communities. In this way, engineering becomes an act of civilization: each project, a deliberate step toward a nation, and a world, built better than the one we inherited.

VISION

To shape a future where engineering creates opportunities, infrastructure improves lives, and every project leaves a lasting positive impact on communities, the environment, and future generations.

MISSION

We deliver engineering, construction, procurement, and project support solutions with integrity, innovation, and technical excellence. Every project we undertake is guided by a commitment to safety, sustainability, and long-term value, while empowering our people, supporting our partners, and contributing to the economic and social development of the communities we serve.

VALUES

At Civil Solutions, we believe infrastructure is more than concrete and steel—it is the foundation of safer communities, stronger economies, and better opportunities.

1. INTEGRITY

We uphold the highest standards of ethics, honesty, and transparency in every decision and every relationship.

2. SUSTAINABILITY

We build responsibly by minimizing environmental impact and creating long-term value for future generations.

3. SAFETY

We believe every incident is preventable and are committed to protecting the health, safety, and wellbeing of our people, partners, and communities.

4. INNOVATION

We embrace new technologies, smarter processes, and creative thinking to solve complex engineering challenges.

5. PEOPLE

We invest in our people by promoting respect, diversity, continuous learning, and professional growth.

6. COMMUNITY IMPACT

We create infrastructure that strengthens communities, supports economic development, and improves quality of life.

LEADERSHIP TEAM

At Civil Solutions, our leadership team brings together decades of international experience in engineering, construction, project delivery, and business management. United by a commitment to excellence, we combine strategic vision with technical expertise to navigate complex challenges and deliver practical, high-impact solutions. Together, we foster a culture of innovation, accountability, and excellence, ensuring every project is delivered with precision, integrity, and lasting value.

Engr. MOHAMMED SHOHEL CHOWDHURY

Managing Director

23+ YEARS of Engineering & Construction Leadership

Engr. Mohammed Shohel Chowdhury is a distinguished engineering leader and construction professional with over 23 years of international experience leading complex infrastructure, transportation, industrial, and commercial projects across Bangladesh and the UAE. Renowned for his strategic leadership and technical excellence, he has delivered nationally significant infrastructure developments. His leadership continues to drive Civil Solutions' commitment to engineering excellence, innovation, and sustainable infrastructure delivery.

CORE EXPERTISE

EPC Project Management

Mega Infrastructure & Bridge Engineering

Railway & Transportation Infrastructure

Marine & River Engineering

Industrial & Commercial Construction

Quality, Health, Safety & Environment (QHSE) Management

Government & Stakeholder Coordination

International Engineering Leadership (Bangladesh & UAE)

Engr. OBAIDUR RAHMAN

Director (Engineering & Operations)

20+ YEARS of MEP, Interior Fit-out, Fire Safety and HVAC & Leadership

Engr. Obaidur Rahman is a specialist MEP engineering, building services and integrated project management professional with over 20 years of international experience delivering hospitality, commercial, residential, industrial, healthcare, and infrastructure projects across Bangladesh, the UAE, and Saudi Arabia. Renowned for MEP engineering, interior fit-out, exterior façade works, architectural finishes, and luxury hospitality developments, His expertise strengthens Civil Solutions' capability to deliver integrated engineering solutions from design through commissioning.

CORE EXPERTISE

MEP Engineering & Building Services

High-Rise Building Construction

Industrial & Manufacturing Facilities

Design Coordination & Technical Review

Hospitality, Commercial & Residential Developments

Utility Networks & Infrastructure Development

Project & Construction Management

International Project Experience (Bangladesh, UAE & Saudi Arabia)

Engr. MD. MEHEDI HASAN

Director (Projects & Procurement)

15+ YEARS of Project Delivery & Procurement Leadership

Md. Mehedi Hasan is an accomplished construction and project management professional with over 15 years of experience in delivering large-scale infrastructure, industrial, and commercial projects across Bangladesh, UAE & Philippines. With extensive expertise in ground improvement, project execution, logistics, procurement, construction planning, and site administration, he has executed multidisciplinary teams and coordinated complex engineering operations for nationally significant infrastructure developments. He ensures projects are delivered efficiently through effective planning, procurement, and operational leadership.

CORE EXPERTISE

Ground Improvement & Geotechnical Solutions

Steel Structure Fabrication & Erection

Procurement & Resource Planning

Project & Construction Management

Industrial & Commercial Construction

Large-Scale Infrastructure Project Delivery

Integrated Quality Management (QA/QC)

Experience across Bangladesh, UAE & Philippines

MOHAMMAD MASUDUL ISLAM

Director (Finance & Administration)

15+ YEARS of Finance & Administration Leadership

Mohammad Masudul Islam is a seasoned finance and corporate service leader with over 15 years of experience supporting large-scale infrastructure and multinational projects across Bangladesh. Bringing proven expertise in financial management, corporate governance, regulatory compliance, procurement, and cross-border operations, he has successfully streamlined financial processes, strengthened internal controls, and supported efficient project delivery. He reinforces Civil Solutions' financial strength, corporate governance, and regulatory compliance to support sustainable business growth.

Government & Stakeholder Relations

OUR EXPERTISE

Integrated Engineering & Construction Solutions

Civil Solutions delivers comprehensive Engineering, Procurement, Construction (EPC), and construction management services across the building, industrial, infrastructure, and utility sectors. By integrating heavy civil engineering, specialized building construction, and advanced MEP capabilities under one roof, we streamline project delivery to provide reliable, safe, and cost-effective solutions from concept to completion.

BUILDING CONSTRUCTION

- Residential, Commercial & Institutional Buildings
- Industrial Buildings & Factory Construction
- Warehouses & Logistics Facilities
- Renovation & Interior Fit-Out

CIVIL & STRUCTURAL ENGINEERING

- Earthworks & Site Development
- Foundations & Piling Works
- RCC & Steel Structures
- Pavement & Hardstand Construction
- Structural Rehabilitation & Strengthening

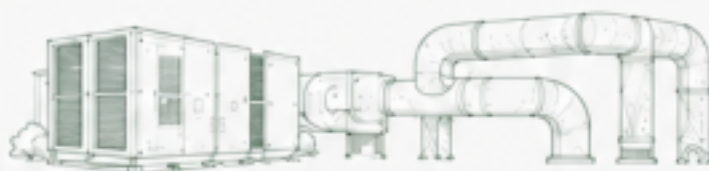

ROADS, BRIDGES & TRANSPORTATION INFRASTRUCTURE

- Roads & Highways
- Flexible & Rigid Pavements
- Bridges, Flyovers & Steel Girder Bridges
- Railway Infrastructure
- Bridge Rehabilitation & Maintenance

HVAC SYSTEMS

- HVAC Design & Engineering
- Air Conditioning & Ventilation Systems
- Ducting & Piping Installation
- Testing, Balancing & Commissioning (TAB)
- Operation & Maintenance

EXPERIENCED TEAM

Skilled professionals with deep industry knowledge and proven track record.

QUALITY & SAFETY

Committed to the highest standards of quality, safety, and compliance.

CLIENT FOCUSED

Collaborative approach that ensures value and client satisfaction.

END-TO-END SOLUTIONS

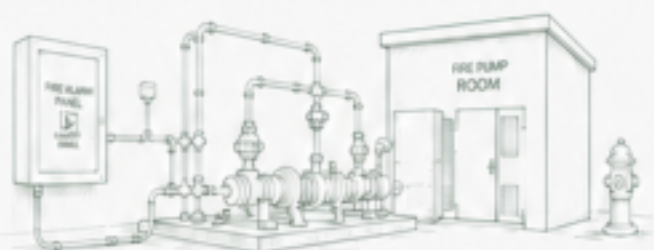

Integrated services from concept to completion under one roof.

FIRE PROTECTION SYSTEMS

- Fire Detection & Alarm Systems
- Fire Suppression Systems
- Hydrant & Sprinkler Systems
- Fire Pumps & Pump Rooms

WATER TREATMENT & PLUMBING

- Water & Waste Water Treatment Plants (WTP)
- Sewerage & Effluent Treatment Plant (STP & ETP)
- Plumbing & Water Distributions
- Pumping Systems & Deep Tube Wells

ELECTRICAL WORKS

- Power Distribution Systems
- Panels & Switchgears
- Earthing (Grounding) & Lightning Protection
- Solar PV Systems

INFRASTRUCTURE & UTILITY DEVELOPMENT

- Power Plants & Utility Infrastructure
- River Protection & Dredging
- Marine & Jetty Construction
- Cyclone Shelters & Rural / Community Infrastructure Development

EXPERIENCED TEAM

Skilled professionals with deep industry knowledge and proven track record.

QUALITY & SAFETY

Committed to the highest standards of quality, safety, and compliance.

CLIENT FOCUSED

Collaborative approach that ensures value and client satisfaction.

END-TO-END SOLUTIONS

Integrated services from concept to completion under one roof.

CIVIL SOLUTIONS
CONNECTING THROUGH CONSTRUCTION

INTERNATIONAL PROJECT SUPPORT

From Market Entry to Project Delivery

Civil Solutions supports international contractors, EPC companies, engineering consultants, manufacturers and investors to establish and execute projects successfully in Bangladesh.

From market entry and regulatory approvals to project mobilization, construction coordination, commercial administration and project delivery we act as your trusted local partner throughout the project lifecycle.

REGULATORY, COMPLIANCE & MARKET ENTRY SUPPORT

- Business Registration & Statutory Assistance
- Regulatory Approvals & Permit Processing
- Work Permit & Visa Facilitation
- Government & Regulatory Liaison
- Market Entry Strategy & Support
- Local Business Representation
- Client & Stakeholder Coordination
- Project Permit Coordination & Follow Up

PROJECT MOBILIZATION

- Site Preparation & Enabling Works
- Temporary Site Facilities & Utilities
- Project Office Establishment
- Equipment & Machinery Mobilization
- Workforce Recruitment & Mobilization
- Site Access & Logistics Planning
- Camp & Welfare Facility Setup

CONSTRUCTION SUPPORT

- Civil Construction Services
- Local Subcontractor Management
- Local Procurement & Vendor Management
- Material Sourcing & Supply Coordination
- Equipment Rental & Plant Resource Coordination
- Site Logistics & Material Handling
- Construction Supervision & Site Coordination
- Quality & HSE Support

COMMERCIAL, PROCUREMENT & ADMINISTRATIVE SUPPORT

- Commercial Transactions & Payment Facilitation
- Import, LC & Customs Support
- Vendor Coordination & Contract Management
- Documentation Management & Document Control
- Contract Administration
- Office Administration & Secretarial Support
- Translation & Interpretation Support (if required)

LOCAL EXPERTISE

Deep understanding of local regulations, culture, and business environment.

RELIABLE EXECUTION

Committed to safety, quality, and timely project delivery.

STRONG PARTNERSHIPS

Building long-term relationships based on trust and performance.

INTERNATIONAL STANDARDS

Delivering services in line with global best practices and local compliance.

EQUIPMENT & MACHINERY

At **Civil Solutions**, we understand that the right equipment is fundamental to delivering projects safely, efficiently, and on schedule. Our modern fleet of construction equipment and machinery is carefully selected, well-maintained, and operated by skilled professionals to meet the demanding requirements of diverse project environments.

We continuously invest in advanced technology and reliable machinery to enhance productivity, ensure quality, and uphold the highest standards of safety and environmental responsibility. From precision surveying instruments to heavy earthmoving equipment, concrete machinery to specialized fabrication tools – our resources are aligned with international best practices and project needs.

In addition to our owned assets, we have strong partnerships with trusted organizations and suppliers, enabling us to lease or hire any equipment or machinery as and when required. This flexibility ensures that we can mobilize the right resources promptly, optimize project performance, and deliver maximum value to our clients.

SURVEY & MEASUREMENT

SL	EQUIPMENT NAME	BRAND	MODEL	COUNTRY OF ORIGIN	CAPACITY / SPECIFICATION	QTY
1	Total Station	Leica	TS16	Switzerland	3,500m range	2
2	GPS / GNSS Survey Equipment	Trimble	R12i	USA	Sub-cm accuracy	2
3	Auto Level / Dumpy Level	Topcon	AT-B4	Japan	32x magnification	3
4	Theodolite	Sokkia	DT540	Japan	5" accuracy	2

EARTHMOVING & EXCAVATION

SL	EQUIPMENT NAME	BRAND	MODEL	COUNTRY OF ORIGIN	CAPACITY / SPECIFICATION	QTY
5	Excavator	Komatsu	PC200-8	Japan	0.8 m ³ bucket	2
6	Backhoe Loader	JCB	3DX	United Kingdom	1.0 m ³ bucket	2

TRANSPORTATION

SL	EQUIPMENT NAME	BRAND	MODEL	COUNTRY OF ORIGIN	CAPACITY / SPECIFICATION	QTY
7	Dump Truck	TATA	LPK 2523	India	16 ton payload	2

PROJECT EXPERIENCE

Delivering Engineering Excellence Across Diverse Sectors

Civil Solutions has established a strong track record in executing multidisciplinary engineering and construction projects for government agencies, international organizations, EPC contractors, and private clients. Our experience spans nuclear power infrastructure, civil construction, industrial facilities, water treatment, steel structures, fire protection systems, and specialized technical services—demonstrating our ability to deliver reliable solutions in demanding project environments.

SELECTED PROJECTS

SL	NAME OF WORKS	EMPLOYER	PROJECT LOCATION	PROJECT VALUE		DATE OF COMPLETION
				Million (BDT)	Million (USD)	
1	Construction of Expatriate Employee's Accommodation (Base Camp) Facilities with the Supply and Installation of Modern Amenities	Freyssinet Menard Northern Emirates LLC (FMNE)	Rooppur Nuclear Power Plant (RNPP)	22.60	0.26	2019
2	Agreement Between Freyssinet Emirates Northern Emirates (FMNE) & Civil Solutions for the Appointment of Local Agent for the Rooppur Nuclear Power Plant Project, Bangladesh	Freyssinet Menard Northern Emirates LLC (FMNE)	Rooppur Nuclear Power Plant (RNPP)	34.28	0.39	2019
3	Provision of Supply of Manpower Services	Freyssinet Menard Northern Emirates LLC (FMNE)	Rooppur Nuclear Power Plant (RNPP)	11.18	0.13	2019
4	Provision of Construction Equipment with Qualified Operators, Maintenance and Technical Support	Freyssinet Menard Northern Emirates LLC (FMNE)	Rooppur Nuclear Power Plant (RNPP)	15.20	0.17	2019
5	Supply, Installation & Commissioning of Water Treatment Plant (WTP)	AMT Engineering	Rooppur Nuclear Power Plant (RNPP)	18.78	0.21	2019
6	Operation, Maintenance & Technical Support for Water Treatment Plant (WTP)	AMT Engineering	Rooppur Nuclear Power Plant (RNPP)	6.30	0.07	Renews Every Year
7	Refurbishment & Interior Fit-Out of Expatriate Employee Base Camp	Menard	Gandharvpur Water Treatment Plant (WTP) Rupganj, Narayanganj	4.38	0.05	2020
8	Construction of Science Building (Physics, Chemistry, Botany Laboratory and 4th Class Room) including water supply arrangement, sanitary & electrification work at Baghmara Govt. College, Baghmara, Rajshahi	Engineering Education Department (EED)	Baghmara, Rajshahi	78.17	0.89	2020
9	Procurement, Import, Fabrication & Installation of ASTM A53 steel pipes (Ø219 × 3.2 × 6000 mm) from Jindal Steel, India for Reactor Building	Freyssinet Bangladesh	Rooppur Nuclear Power Plant (RNPP)	4.58	0.05	2020

GOVERNMENT PROJECTS

Extensive experience delivering public sector infrastructure.

INTERNATIONAL CLIENTS

Trusted partner for global organizations and EPC contractors.

MULTI-SECTOR EXPERIENCE

Power, infrastructure, industrial, commercial, and institutional projects.

QUALITY & TIMELY DELIVERY

Committed to safety, quality, and on-time project execution.

PROJECT EXPERIENCE

SELECTED PROJECTS (CONTINUED)

SL	NAME OF WORKS	EMPLOYER	PROJECT LOCATION	PROJECT VALUE		DATE OF COMPLETION
				Million (BDT)	Million (USD)	
9	Procurement, Import, Fabrication & Installation of ASTM A53 steel pipes (Ø219 × 3.2 × 6000 mm) from Jindal Steel, India for Reactor Building	Freyssinet Bangladesh	Rooppur Nuclear Power Plant (RNPP)	4.58	0.05	2020
10	Fabrication & Installation of Steel Casing in the bank of Meghna River	Menard	Gandharvapur Water Treatment Plant Rupganj, Narayanganj	26.28	0.30	2020
11	(a) Construction of Pavement Work on Gobindaganj, Momingonj Road from Ch. 8.86 km to 11.20 km under Gobindaganj Upazila. (b) Constructin of 2*4.50*4.00m RCC box culvert at Ch. 11.17 km under Gobindaganj Upazila	Local Government Engineering Department (LGED)	Gobindaganj Upazila Gaibandha	97.16	1.10	2020
12	Provision of 45 Disinfection Booths and Disinfectant Chemical Supply for COVID-19 Response	ASE	Rooppur Nuclear Power Plant (RNPP)	7.79	0.67	2021
13	Maintenance Services and Disinfectant Chemical Supply for COVID-19 Disinfection Booths	ASE	Rooppur Nuclear Power Plant (RNPP)	4.69	0.04	2021
14	Complete Fire Safety System Installation for Office Buildings, Warehouses, Operational Work Areas, the Reactor Building, Reactor Dome, and Associated Infrastructure	ESKM	Rooppur Nuclear Power Plant (RNPP)	7.28	0.08	2021
15	Technical Assignment for Works for Pre-Assembly and Installation of Steel Structures of Service Platforms in the Inner-Shell Space of the Reactor Building from Elevation +0.000 m to Elevation +38.500 m of Unit 1 and Unit 2 of Rooppur NPP	Freyssinet Bangladesh	Rooppur Nuclear Power Plant (RNPP)	7.59	0.09	2021
16	Implementation of Works for opening & closing of air-vents during process of injection of CPTS certical tendons of dome of reactor building.	Freyssinet Bangladesh	Rooppur Nuclear Power Plant (RNPP)	6.79	0.08	2022 (1st Reactor) 2023 (2nd Reactor)
17	Construction of 5,000 sq. ft. Warehouse with Fire Safety System	ESKM	Rooppur Nuclear Power Plant (RNPP)	5.65	0.06	2023
18	Renovation Works of Academic Building at National University	Engineering Education Department (EED)	National University	44.42	0.50	2024
19	Contract for Waste Management Services	SMUI	Rooppur Nuclear Power Plant (RNPP)	2.78	0.02	2024
20	Procurement of Fish Bag Marking Material's for SW Region	FAO	Satkhira	3.92	0.03	2025
21	RFQ for Supply of Promotional Items	UNDP	Dhaka	4.70	0.04	2025
22	RFQ for FAO 80 Years Celebration Promotional Items	FAO	Dhaka	8.90	0.08	2025
